

SOCIETY OF TOXICOLOGY AWARDS

The Society of Toxicology annually presents the Achievement Award, the Arnold J. Lehman Award, the Board of Publications Awards for the Best Paper in *Toxicology and Applied Pharmacology* and the Best Paper in *Fundamental and Applied Toxicology* (the *Journal of Toxicological Sciences*, as of January 1998), the Merit Award, the Public Communications Award, and the Toxicology Education Award. The Robert L. Dixon Award is presented every three years. Special awards may also be presented at the discretion of the Council.

The **Achievement Award** is presented to a member of the Society of Toxicology who has less than 15 years experience since obtaining his/her highest earned degree in the year of the Annual Meeting of the Society of Toxicology and who has made significant contributions to toxicology. This award consists of a plaque and a cash stipend.

The **Arnold J. Lehman Award** is presented by the Society of Toxicology to recognize an individual who has made a major contribution to risk assessment and/or the regulation of chemical agents, including pharmaceuticals. The contribution may have resulted from the application of sound scientific principles to regulation and/or from research activities that have had a significant influence upon the regulatory process. The nominee may be employed in academia, government, or industry and must be a member of the Society. This award consists of a plaque and a cash stipend.

The **Board of Publications Awards for the Best Paper in *Toxicology and Applied Pharmacology* and the Best Paper in *Fundamental and Applied Toxicology*** (the *Journal of Toxicological Sciences*, as of January 1998) are presented to the author(s) of the best paper published in each of the official SOT publications during a 12-month period terminating with the June issue of the calendar year preceding the Annual Meeting at which the award is presented. The author(s) need not be a member of the Society of Toxicology. These awards consist of a plaque and a cash stipend. Submissions should include a one-page summary of the paper's contribution to the science of toxicology and a copy of the article for which the nomination is being made. Any member of the Society may submit one title for consideration per journal award. In addition, the titles of no more than six papers to be considered for each award are submitted by the editors of each official SOT publication. All papers submitted will be evaluated by the Board of Publications.

The **Merit Award** is presented to a member of the Society of Toxicology in recognition of a distinguished career in toxicology. This award consists of a plaque and a cash stipend.

The **Public Communications Award** is presented by the Society of Toxicology to recognize an individual who has made a major contribution to broadening the awareness of the general public on toxicological issues through any aspect of public communications. The award should reflect accomplishments made over a significant period of time. Examples of qualifying media in which the nominated communication may appear are: books, brochures, Continuing Education courses, data bases, extension bulletins, magazines, newspapers (local or national), public presentations, public forums, radio and television scripts, and workshops. The award consists of a plaque and a cash stipend.

The **Toxicology Education Award** is presented to an individual who is distinguished by the teaching and training of toxicologists and who has made significant contributions to education in the broad field of toxicology. This award consists of a plaque and a cash stipend.

All nominations (Optional Nomination Forms are available from SOT Headquarters), along with a CV, supporting documentation, and other relevant data for the Awards are to be submitted, in writing, to the Chairperson of the Awards Committee c/o the SOT Headquarters office. It is recommended that each nomination be submitted by a sponsor and seconder, and up to three additional supporters who are members of the Society of Toxicology. Nominations may be submitted at any time; however, the deadline for consideration of a nomination is October 1 preceding the Annual Meeting at which the award will be presented. Nominations received after **October 1** are considered for the following year. The files of unsuccessful nominees are considered for two additional years unless the sponsor withdraws the nomination. Complete updating of the file is required for renominations after that time. The Awards Committee reviews all material received and makes recommendations to the Council.

GRADUATE STUDENT TRAVEL GRANTS

Graduate Student Travel Grants are available on a one-time only basis to graduate students presenting papers or posters at the Annual Meeting. Applications are available from SOT Headquarters.

SPONSORED AWARDS

BURROUGHS WELLCOME FUND TOXICOLOGY SCHOLAR AWARDS

The Burroughs Wellcome Fund offers five-year scholar awards of \$400,000 to support career development in toxicology. These awards are intended to identify and encourage the development of established independent investigators whose work will advance the understanding of toxicological processes on both fundamental and physiologic levels.

The awards are open to investigators working in established toxicology programs as well as investigators in other fields who want to apply their scientific training to research issues in toxicology. The awards are intended to provide recipients with the freedom and flexibility to pursue higher-risk and innovative approaches in their research.

Candidates must be citizens or permanent residents of the United States or Canada, and research activities must take place at accredited degree-granting U.S. or Canadian institutions.

GRADUATE STUDENT FELLOWSHIP AWARDS

The Society of Toxicology Graduate Student Fellowship Awards are open to any graduate student with at least two years of graduate study towards a Ph.D. degree in the area of toxicology and whose major professor is a member of the Society of Toxicology. Evaluation by the Education Committee is based primarily on originality of the dissertation research, research productivity, relevance to toxicology, scholastic achievement and letters of recommendation. Applications are available from SOT Headquarters.

COLGATE-PALMOLIVE POST-DOCTORAL FELLOWSHIP AWARD IN *IN VITRO* TOXICOLOGY

The Colgate-Palmolive Company sponsors this Post-Doctoral Fellowship Award through the Society of Toxicology, directed specifically toward the study of *in vitro* toxicology or other alternatives to animal testing. This includes dermal, ocular, mutagenesis, molecular biology, cell culture, or metabolism. Any post-doctoral trainees in their first year of study beyond the Ph.D., M.D., or D.V.M. degree who are employed by academic institutions, federal/national laboratories, or research institutes worldwide may apply.

ZENECA, LTD. (FORMERLY ICI) TRAVELING LECTURESHIPS

The Zeneca Traveling Lectureships are presented through the Society of Toxicology in recognition of excellence in research and service in toxicology. Zeneca, Ltd. provides one or two awards annually to promote greater collaboration between European and North American toxicologists and to enable North American toxicologists to undertake a three to four-week lecture tour of Europe. The awards are intended to familiarize the recipients with research and regulatory issues in Europe as well as to bring a North American perspective to these issues.
