

SOCIETY OF TOXICOLOGY AWARDS

The Society of Toxicology annually presents the Achievement Award, the Arnold J. Lehman Award, the Board of Publications Awards for the Best Paper in *Toxicology and Applied Pharmacology*, the Best Paper in *Fundamental and Applied Toxicology*, the Best Paper in *Toxicological Sciences*, the Merit Award, the Public Communications Award, and the Toxicology Education Award. The Robert L. Dixon Award is presented every three years. Special awards may also be presented at the Council's discretion.

■ The **Achievement Award** is presented to a SOT member who has less than 15 years of experience since obtaining his/her highest degree and who has made significant contributions to toxicology. This award consists of a plaque and a cash stipend.

■ The **Arnold J. Lehman Award** is presented to recognize an individual who has made a major contribution to risk assessment and/or the regulation of chemical agents, including pharmaceuticals. The contribution may have resulted from the application of sound scientific principles to regulation and/or from research activities that have significantly influenced the regulatory process. The nominee may be employed in academia, government or industry and must be a SOT member. This award consists of a plaque and a cash stipend.

■ The **Board of Publications Awards** for the **Best Paper in *Toxicology and Applied Pharmacology***, the **Best Paper in *Fundamental and Applied Toxicology***, and the **Best Paper in *Toxicological Sciences*** are presented to the author(s) of the best paper published in each of the official SOT publications during a 12-month period ending with the June issues of the year preceding the Annual Meeting at which the awards are presented. The author(s) need not be a SOT member. Submissions should include a one-page summary of author's contribution to the science of toxicology and a copy of the article for which the nomination is being made. Any SOT member may submit one title for consideration per journal award. In addition, the titles of no more than six papers to be considered for each award are submitted by the editors of each official SOT publication. The Board of Publications will evaluate all papers submitted. These awards consist of a plaque and a cash stipend.

■ The **Merit Award** is presented to a SOT member in recognition of a distinguished career in toxicology. This award consists of a plaque and a cash stipend.

■ The **Public Communications Award** is presented to an individual who has made a major contribution to broadening public awareness of toxicological issues through the media. The award should reflect accomplishments made over a significant period of time. Qualifying media include: books, brochures, continuing education courses, data bases, extension bulletins, magazines, newspapers (local or national), public forums and presentations, radio and television scripts, and workshops. This award consists of a plaque and a cash stipend.

■ The **Toxicology Education Award** is presented to an individual who is distinguished by the teaching and training of toxicologists and who has made significant contributions to education in the field of toxicology. This award consists of a plaque and a cash stipend.

■ The **Robert L. Dixon** award takes applications from graduate students in the area of reproductive toxicology and carries a stipend of \$2,000 to enable students to attend the International Congress on Toxicology meeting. It is available every three years.

All nominations — along with a CV, supporting documentation and other relevant data — must be submitted in writing to the Chairperson of the Awards Committee c/o SOT Headquarters. Optional Nomination Forms are available from SOT Headquarters. Each nomination should be submitted by a sponsor and seconder, and up to three additional supporters who are SOT members. Nominations may be submitted at any time; however, the deadline for consideration of a nomination is **October 1** preceding the Annual Meeting at which the award will be presented. Nominations received after **October 1** will be considered for the following year. The files of unsuccessful nominees are considered for two additional years unless the sponsor withdraws the nomination. A complete update of each file is required for renominations after that time. The Awards Committee reviews all material received and makes recommendations to the Council.
