

Society of Toxicology Awards

In recognition of distinguished toxicologists and students, SOT presents several prestigious awards each year. Award recipients receive a plaque and a generous stipend, are listed in the annual Membership Directory, posted on the SOT Web Site and are honored at a special Awards Presentation at the SOT Annual Meeting.

Information regarding the individual awards and mandatory application forms are available at the SOT Web site at www.toxicology.org/Awards/awards.html. The deadline application for the 2001 awards is **October 9, 2000**. Each SOT Award nomination (except those for the Best Paper Awards) must be submitted in writing by a sponsor and a seconder who are Full members of SOT. The supporting documentation must indicate the candidate's achievements in toxicology and is critical in the review of each candidate. The Awards Committee, chaired by **Dr. Jay Goodman**, reviews these applications. Student Awards are reviewed by the Education Committee. Sponsored and Student Award submission requirements and review process may vary from those for the SOT Awards, therefore, please reference the SOT Web site.

SOT Awards

Achievement

The **Achievement Award** is presented to a member of the Society of Toxicology who has less than 15 years experience since obtaining his/her highest earned degree (in the year of the Annual Meeting of the Society of Toxicology) and who has made significant contributions to toxicology. This award consists of a plaque and a cash stipend.

Board of Publications

The Board of Publications Awards for the **Best Paper in Toxicology and Applied Pharmacology** and the **Best Paper in Toxicological Sciences** are presented to the author(s) of the best paper published in each of the official SOT publications during a 12-month period, terminating with the June issue of the calendar year preceding the Annual Meeting at which the award is presented. The author(s) need not be a member of the Society of Toxicology. Submissions should include a one-page summary of the paper's contribution to the science of toxicology and a copy of the article for which the nomination is being made. Any member of the Society may submit one title for consideration per journal award. In addition, the titles of no more than six papers to be considered for each award are submitted by the editors of each official SOT publication. All papers submitted will be evaluated by the Board of Publications. This award consists of a plaque and a cash stipend.

Contributions to Public Awareness of the Importance of Animals in Toxicology Research

The Contributions to Public Awareness of the **Importance of Animals in Toxicology Research Award** is presented annually to an individual (or organization) in recognition of the contributions made to the public understanding of the role and importance of experimental animals in toxicological science. This award may be for either a single seminal piece of work or a longer-term contribution to public understanding of the necessity of the use of animals in toxicological research to ensure and enhance the quality of human and animal health and the environment. The award consists of a plaque and a cash stipend.

Enhancement of Animal Welfare

The **Enhancement of Animal Welfare Award** is presented annually to a member of the Society of Toxicology in recognition of the contribution made to the advancement of toxicological science through the development and application of methods that replace, refine, or reduce the need for experimental animals. This award recognizes outstanding/significant contributions made by members of the Society of Toxicology to the scientifically sound and responsible use of animals in research. The achievement recognized may be either a seminal piece of work or a long-term contribution to toxicological science and animal welfare. The award consists of a plaque and a cash stipend.

Graduate Student Travel Grants

Graduate Student Travel Grants are available on a one-time only basis to graduate student members presenting papers or posters at the Annual Meeting.

For the SOT Awards and Sponsored Award listed on pages 241, 242, 243 and 244 each nomination must be submitted in writing by a sponsor and a seconder who are Full members of SOT and follow the guidelines of the mandatory application form. The Award Application form is available on the SOT Web Site at www.toxicology.org under the Awards option. The supporting documentation must indicate the candidate's achievements in toxicology and is critical in the review of each candidate. Please send all nominations and supporting documentation to:

Awards Committee Chairperson
Dr. Jay I. Goodman
SOT Headquarters
1767 Business Center Drive, Suite 302
Reston, VA 20190-5332

The awardees will be named at the SOT 2001 Annual Meeting in San Francisco, California.
Deadline for receipt of nominations is **October 9, 2000**.

Public Communications

The **Public Communications Award** is presented by the Society of Toxicology to recognize an individual who has made a major contribution to broadening the awareness of the general public on toxicological issues through any aspect of public communications. The award should reflect accomplishments made over a significant period of time. Examples of qualifying media in which the nominated communication may appear are: books, brochures, continuing education courses, data bases, extension bulletins, magazines, newspapers (local or national), public presentations, public forums, radio and television scripts and workshops. The award consists of a plaque and a cash stipend.

New

Scientific Achievement Award

The **Scientific Achievement Award** is presented to a member of the Society of Toxicology who has made substantial and seminal scientific contributions to the discipline of toxicology. The prime consideration for this new award is scientific accomplishments and not necessarily service to the Society. This award consists of plaque and cash stipend.

Sponsored Awards/Fellowships

Burroughs Wellcome Fund Toxicology Scholar

The **Burroughs Wellcome Fund** offered five-year **Scholar Awards** to support career development in toxicology. These awards were intended to identify and encourage the development of established, independent investigators whose work will advance the understanding of toxicological processes on both fundamental and physiologic levels. (The Burroughs Wellcome Fund has replaced this award with Young Investigator Awards in Toxicology.)

Colgate-Palmolive Traveling Lectureship in Alternative Methods in Toxicology

The **Colgate-Palmolive Company** sponsors the annually through the Society of Toxicology. This award covers expenses for an individual scholar to visit institution(s) for the dissemination of knowledge and for stimulating research that takes advantage of modern *in vitro* toxicology approaches. The overall goal of this program is to make scientists aware of the benefits of modern *in vitro* toxicology approaches and to simulate research for the replacement, reduction or refinement of currently used animal models. The scholar may be asked to make a special presentation at the SOT Annual Meeting.

Lecturing scholars should be established, mid-career through late-career scientists who are members of SOT and who are developing collaborative relationships with scientists at other institutions.

Requests for funds can be made by the individual scholars or by organizations such as universities, colleges, SOT Specialty Sections and SOT Regional Chapters and other toxicology groups that are interested in inviting the scholar. Up to \$15,000 is available. The Awards Committee reviews the applications, which must be accompanied by a statement of the applicant's experience, a brief overview of the techniques to be discussed in the lecture and a letter from the hosting institution(s) indicating their interest in serving as host and the potential benefits to the institution.

Colgate-Palmolive Post-Doctoral Fellowship in *In Vitro* Toxicology

The Colgate-Palmolive Company sponsors the **Post-Doctoral Fellowship Award in Toxicology** through the Society of Toxicology to advance the development of alternatives to animal testing in toxicological research. The award is given in alternate years and includes stipend and research-related costs (up to \$33,000), for one year. The award may be extended for an additional year upon agreement between Colgate-Palmolive and the post-doctoral fellow. Post-doctoral trainees in their first year of study beyond the Ph.D., M.D. or D.V.M. degree who are employed by academic institutions, federal/national laboratories or research institutes worldwide may apply. The Education Committee will review applications, which are due in even calendar years and the fellowship is awarded for the following year.

Colgate-Palmolive/SOT Awards for Student Research Training in Alternative Methods

The purpose of the **Colgate-Palmolive/SOT Awards for Student Research Training in Alternative Methods** is to enhance student research training in alternative methods. The Education Committee will present the awards to graduate students or to institutions that provide undergraduate research internships. Up to six awards at \$2,500 each are available.

Student

A. Graduate Students: The award will help to defray expenses for graduate students in toxicology to visit an off-site laboratory for the purpose of gaining knowledge about and developing *in vitro* toxicology techniques which will support student's dissertation research. The overall goal of this program is to support the replacement, reduction or refinement of currently used animal models in toxicology research and testing.

B. Institutions: Awards will also be made to institutions that propose a 10-week research experience for students involving *in vitro* toxicology or alternative methods to reduce, replace or refine the use of animals in toxicology research.

Graduate Student Fellowship Awards

The **Graduate Student Fellowship Awards** are provided by generous sponsors and are open to graduate students engaged in full-time graduate study towards a Ph.D. degree in toxicology. The major professor must be an SOT member and the applicant must be an SOT member or have applied for membership. The Education Committee's evaluation is based primarily on originality of the dissertation research, research productivity, relevance to toxicology, scholastic achievement and letters of recommendation. Finalists are interviewed at the Annual Meeting and receive travel support. This award consists of a plaque and a \$16,000 fellowship.

Zeneca Awards

The Zeneca Traveling Lectureships are presented through the Society of Toxicology in recognition of excellence in research and service in toxicology. Zeneca, Ltd. provides two awards annually to promote greater collaboration between European and North American toxicologists. These awards are intended to enable North American toxicologists to undertake a three-to-four-week lecture tour of Europe, familiarize themselves with scientific issues in Europe, as well as to bring a North American perspective to European scientists.

Candidates for these awards should be established, mid-career North American scientists who are members of the Society of Toxicology and who demonstrate the ability to develop collaborative relationships with European colleagues. This award consists of a plaque and a \$6,000 travel award.

Applications must include a statement of the applicant's experience and area of expertise. A proposed itinerary and its underlying rationale should be provided, along with an indication of the benefits that the lectureship will confer on the applicant. The itinerary must include a visit and lecture at Zeneca's Alderley Park Facility in Cheshire, England. Candidates should contact the itinerary hosts prior to submission of the application. The Awards Committee will receive applications, which should not exceed 1,500 words.
