Agency for Toxic Substances
and Disease Registry

Michael P. Holsapple,
Ph.D.
ILSI Health and Environmental
Sciences Institute

EXECUTIVE DIRECTOR

Shawn Douglas Lamb

Dear Colleagues,

On behalf of the Program Committee, I invite you to participate in the 45th Annual Meeting of the Society of Toxicology, to be held from March 5-9, 2006, at the San Diego Convention Center in San Diego, California. The Program Committee has developed a well-balanced slate of scientific sessions that promises to provide opportunities for our members and guests to discuss leading advances in all aspects of the science and practice of toxicology. In addition to presentations of the latest cutting-edge research, the Annual Meeting of the Society of Toxicology provides an important opportunity to renew professional relationships and to remain up to date in our ever expanding discipline. Your participation is requested to further enhance the scientific exchange and success of this important Annual Meeting. Please note that individual invitations are not required for attendance. The Annual Meeting is an open scientific event. Publication of the program in this booklet is an open invitation for all interested persons to attend.

Our host city San Diego, offers the perfect location for our meeting this year. There will be plenty to do, so consider bringing the family or perhaps adding a day or two to your trip to more fully experience the San Diego area. The Society has worked to provide many and varied opportunities to explore and enjoy San Diego.

The Program Committee has created this venue to enrich our knowledge and networks in toxicology; however, the success of the Annual meeting relies on broad participation by persons like yourself who share an active interest in advances in the field. Please register on-line at www.toxicology.org or complete and return the Registration Form, along with payment, to the SOT Registration Processing Center at the following address:

Society of Toxicology
1821 Michael Faraday Drive
Suite 300
Reston, VA 20190
United States

We look forward to welcoming you to our Annual Meeting.

James A. Popp, D.V.M., Ph.D.
Program Committee Chairperson
Vice President, SOT
