Creating a Safer and Healthier World by Advancing the Science and Increasing the Impact of Toxicology

Strengthen the Impact and Relevance of Toxicology

Meeting Attendees
More than 6,500 meeting attendees every year make the SOT Annual Meeting the largest gathering of toxicologists in the world.

Contemporary Concepts in Toxicology
Special meetings hosted by SOT provide a forum for dissemination and discussion of contemporary and rapidly progressing areas of toxicological sciences.

Scientific Sessions and Presentations
More than 160 scientific sessions and nearly 2,500 abstracts are presented every year, providing a forum for novel discoveries and approaches related to toxicology and facilitating the advancement of toxicology by fostering the integration of toxicology with other biomedical disciplines.

Develop and Support Toxicologists to Capitalize on Future Opportunities

Mentoring and Career Development Resources
SOT supports a wide variety of mentoring and career development programs to fit every experience level and interest alongside free member services designed to link mentees and mentors and promote the latest openings in toxicology.
- Chat with an Expert
- Poster Tours for Trainees
- SOT Mentoring Breakfast
- Research Funding Insights

Educational Resources
SOT develops a diverse range of programs to support the advancement of toxicologists at all levels that serve as a valuable resource to educators and trainers.
- CE for Online Continuing Education Courses
- Recorded Presentations and Webinars
- Career Development Sessions
- Undergraduate Internships
- Evening Toxicologist Lectures
- ToxicScholar Outreach Grants

Toxicological Sciences
For 20 years, Toxicological Sciences, the official journal of SOT, has been committed to publishing the most influential research in toxicology.

18 Regional Chapters, 6 Special Interest Groups, 29 Specialty Sections
The SOT Component Groups provide countless ways for members to network and collaborate with other toxicologists across similar scientific specialties, regions, and backgrounds.

Expand Outreach and Impact Globally

Travel Fellowships
More than 120 distinguished scientists from 30 underrepresented countries have gained the opportunity to attend the SOT Annual Meeting.

Global Membership
SOT members are working in and advancing toxicological research in more than 70 countries.

International ToxScholar Outreach Grants
Hundreds of students and faculty have established collaborations with visiting scholars to date. SOT is dedicated to ensuring the development of educational and career opportunities in toxicology around the world.

Global Collaboration
SOT partners with other toxicological societies around the world to enhance toxicology’s impact. In 2019, one of these collaborations will be joining IUTOX in hosting the 15th International Congress of Toxicology (ICTXV) in Honolulu, Hawaii, July 15–18, 2019.

Global Senior Scholar Exchange Program
This program provides a one-of-a-kind professional opportunity and collaboration experience for senior toxicologists in developing countries and SOT Members.

Developing Country Membership Benefits
SOT provides discounted membership dues and free access to online Continuing Education courses to members from developing countries.

Educational Resources
SOT develops a diverse range of programs to support the advancement of toxicologists at all levels that serve as a valuable resource to educators and trainers.
- CE for Online Continuing Education Courses
- Recorded Presentations and Webinars
- Career Development Courses
- Job Bank
- Mentor Match
- Undergraduate Internships
- Evening Toxicologist Lectures
- ToxicScholar Outreach Grants
