Medical Device and Combination Product Specialty Section

General Information

The Medical Device Specialty Section was founded in Sept. 2009. In July 2014, the name was changed to Medical Device and Combination Product Specialty Section (MDCPSS) due to technological advances and regulatory recognition of this unique health product that incorporates traditional pharmaceuticals, biologics, and medical devices. The rapidly growing medical device industry’s global sales are estimated to be over $400 billion annually.

Mission: Provide an international forum where government, industry, consulting, and academic toxicologists can share state-of-the-art knowledge and develop approaches for evaluation of medical devices and combination products.

Executive Committee

President
Barb Henry, Ph.D. – WL Gore & Associates
Taylor L. Buile, MS. – Edwards Lifesciences

Vice President
Sherry P. Parker, Ph.D. – WuXi AppTec

Vice President – Elect
Xiaomin Deng, Ph.D. – Medtronic

Secretary/Treasurer
Kelly P. Coleman, Ph.D. – Medtronic

Past President, Councilor
Megan Hahn, Ph.D. Medtronic

Councilor
Whitney Christian, Ph.D. – Medtronic

Postdoctoral Representative
Monica Pombo, Ph.D. – Ethicon

Student Representative
Jie (Daniel) Luo – Iowa State University

Special thanks to our donors during the past year

Free Grad Student Membership!

Please consider making a tax-deductible donation to MDCPSS. Donations and member dues fund our annual meeting activities and make possible awards to acknowledge valuable research and support student travel. A donation of any amount is appreciated and can be made at any time.

Medical Device and Combination Product Specialty Section

Annual Meeting Activities

Sunday, Mar. 11,
8:15 AM–12:00 PM. CE Course AM06 In Vitro Testing: Tales from the Real World. Room 302.
1:15 PM–5:00 PM. CE Course PM10 Evaluation of Leachable Substances from Materials: with Applications in Foods and Pharmaceuticals; Science- and Risk-Based Approaches. Room 302.

Tuesday, Mar. 13,
9:15 AM–4:30 PM. Poster Session: Medical Devices P483-P505 (author attended 9:15-10:45 AM)
9:15 AM–10:45 PM. Medical Device Poster Session Tour Mentor Event Meet at Poster 483
5:00 PM–6:00 PM. Q&A Mentoring Event, CV Review Session, Mock Interviews Grand Hyatt Texas E
6:00 PM–7:30 PM. MDCPSS Meeting/Reception Grand Hyatt Texas E
8:00 PM–10:00PM. MDCPSS Meet and Greet Social Event Guadalajara Grill (free refreshments)

Wednesday, Mar. 14, 8:00 AM – 10:45 AM. Workshop: Matching Analytical Methods to Markets: Balancing Regulatory Expectations and Technical Challenges (CC Hemisfair Ballroom C3)

Membership Demographics

171 Members

Sectors

Industry 52%
Consulting 17%
OEM 11%
Academic 9%

Membership Types

Full Members, 112
Associate Members, 29
Full International Members, 11
Student Members, 10
Postdoctoral Members, 2
Associate International Members, 5
International Student Members, 2

Certifications

DABT 3

Multiple 7
Other 17%

Education

PhD 119
MBA 12
MD 5
DVM 4
MPH 6
MS 19

Membership Benefits

➢ Stay current with the latest toxicological science and regulatory changes relating to medical devices and combination products
➢ Notifications of Employment Opportunities
➢ Newsletters with Special Contributions
➢ Networking
➢ Webinars
➢ Awards at the Annual Meeting
  • Student Travel Awards ($1500)
  • Best Abstract Award
  • Best Paper Award
  • Best Poster Award
