

**2007 Allegheny-Erie Society of Toxicology Spring Meeting
Announcement**

Risk and Exposure Assessment

Pittsburgh Athletic Association
4215 Fifth Avenue
Pittsburgh, PA 15213
(412) 621-2400

Friday, May 11th, 2007

The 2007 AE-SOT Spring Meeting will focus on risk and exposure assessment. Our speakers are Dr. Cliff Davidson, Professor of Civil & Environmental Engineering and Engineering & Public Policy at Carnegie Mellon University, and Dr. Michael Dourson, Director of Toxicology Excellence for Risk Assessment (TERA). The meeting will be held at the Pittsburgh Athletic Association and will include a buffet lunch and refreshment/dessert break.

There will be a poster session prior to the speaker presentations. Everyone is invited to present a poster summarizing their work. Posters should be mounted for display on easels. We are requesting submission of poster abstracts by May 4, 2007. The Awards Committee will present cash awards for two categories: best methodology and best overall.
