of Toxicologists (PANWAT)

SPONSORSHIP OPPORTUNITIES

- The Society of Toxicology, Pacific Northwest Chapter (also known as Pacific Northwest Association of Toxicologists, PANWAT), conducts a regional annual conference to highlight toxicology research, provide continuing education, and strengthen ties between and among students and regional toxicologists.
- This year's annual conference, themed "*The Art and Science of Research Translation in Toxicology*" will be hosted at Bonneville Hot Springs along the Columbia River in Washington on 6-8 October 2011.
- The conference symposium will feature cutting edge research from regional toxicologists with special emphasis on science communication and regional approaches to translating toxicological research. This meeting is designed to meet the ongoing educational needs of regional toxicologists and students as well as to help facilitate mentoring for emerging scientists in toxicology. We expect participants from all regional universities that offer degrees in toxicology and health-sciences related fields, as well as regional toxicologists from various industries (particularly pharmaceutical and biotechnology industries).
