

# Regulatory and Safety Evaluation Specialty Section

**Our Goal:** To provide surveillance of developing regulatory initiatives and information on new toxicological procedures. We are focused on keeping our members informed and up to date on these important areas.

**Membership  
>785!**

## Our Mission

- Promote the development of sound governmental policies and regulations based on contemporary scientific knowledge arising from the disciplines encompassed by toxicology.
- Provide a forum for the interaction of SOT members to discuss the impact of regulations, guidelines and guidances on the practice of toxicology and the safety evaluation of food additives, nutraceuticals, therapeutic drug products and environmental, industrial and household chemicals and other products of concern.

## Founded in 1993

### Officers:
