Signature				Date

1. Upload this application
2. Your detailed, 2-page research description should contain;
 - a. A clear and concise description of your thesis or dissertation research, divided into the following subsections: (1) objectives, (2) work you have already accomplished, (3) work planned for the future, and (4) relevance of your graduate work to toxicology.
 - b. Description of the technique(s)/method(s) you propose to learn and how they would enhance your research program.
 - c. Details of your proposed training experience, including host lab or workshop/symposium and why it was chosen, location, and anticipated dates of travel.
 - d. Detailed explanation how the outcomes would further the field of alternatives to the use of animals in research.
 - e. Budget for the award funds (travel, per diem, research costs). A maximum of \$3,750 may be requested.
3. Upload an electronic file containing your transcript.
4. Upload a letter of support from your research advisor/mentor
5. Upload a letter of support from the director of the hosting laboratory or documentation concerning the proposed activity.
