American College of Toxicology

Overview
The American College of Toxicology is a society of professionals from industry, government, and academia. The mission of the College is to educate, lead, and serve scientists by promoting an exchange of information and perspectives on safety assessment and new developments related to applied toxicology. The welcoming and collegial atmosphere of the Annual Meeting is a hallmark of ACT.

Membership
ACT enhances your professional development in applied toxicology
• Fundamental and advanced courses and webinars
• Leadership opportunities
• Peer-to-peer connections
• Access to International Journal of Toxicology, the scientific journal of ACT

Mentorship Program
Provides toxicologists with a pathway for interaction with each other and with experienced leaders for guidance in professional development.
• Regular meetings between Mentor and Mentee
• SCHOLARships on professional development
• Special events at the Annual Meeting

Young Professional and Student Members
Provide toxicologists with a pathway for interaction with each other and with experienced leaders for guidance in professional development.
• Regular interactions with experienced toxicologists
• Free student membership
• Discounted dues for postdocs

Endowment
Endowed and institutional assets will be designated as The ACT Awards Fund to support educational awards and fellowships such as:
• ACT Young Professional Travel Grants
• ACT American Graduate Fellowships

Awards
ACT recognizes outstanding toxicologists at the ACT Annual Meeting
• Distinguished Scientist Award in Toxicology
• Mid-Career Christian-Women’s Leadership in Toxicology Award
• Service Award

Endowment and institutional assets will be designated as The ACT Awards Fund to support educational awards and fellowships such as:
• Young Professional Travel Grants
• American Graduate Fellowships

Future Annual Meetings
Future Annual Meetings are planned for the following dates and locations:
• November 15–18, 2020
  JW Marriott Desert Ridge
  Phoenix, Arizona
  Registration Open at www.actox.org.

2019 Educational Courses
• Toxicology for Pharmaceutical and Regulatory Scientists
  April 8–12, 2019
  Gaithersburg, Maryland
  United States

Educational Webinars
ACT Signature Webinars:
ACT hosts quarterly webinars on current topics in toxicology, including primarily drug and chemical safety assessments. Participation requires registration and webinars are free.

International Journal of Toxicology
Manuscript Submission:
http://mc.manuscriptcentral.com/ijt

In 2019, the International Journal of Toxicology published the following:
• Temporal, peer-reviewed papers on current topics
• Six annual issues covering a wide range of topics in toxicology, safety assessments, mechanisms of toxicity, biomarkers, and risk assessment

Podcasts
Podcasts, ToxChats®, report on cutting-edge news in toxicological research from around the globe, featuring interviews with experts, and reviews of current advances. Access ToxChats via iTunes, Google Play, or at www.actox.org.

Contact Information
