INTERNATIONAL NEUROTOXICOLOGY ASSOCIATION

An international association that meets biannually to promote scientific knowledge regarding the action of toxic agents on the nervous system

Biannual Meetings
Cutting-edge science from neurotoxicologists around the world
 INA’s unique meetings promote networking and camaraderie
✓ Focused Topics
✓ Dedicated meeting locations
✓ Social interactions
✓ Traditional soccer game
✓ Student symposia

International Participation
✓ 34 countries
✓ Every continent except Antarctica!
✓ Meeting locations include Europe, North America, South America, Middle East and Asia

The neurotoxicology “club” began with about 20 neurotoxicologists at a 1984 NATO-ANSI course in Belgirate, Italy
Dutch neurotoxicologists hosted the first meeting of INA in Lunteren, Netherlands in 1987

The meeting proceedings are published in the peer-reviewed journal NeuroToxicology.

Special student symposia (since INA-14 held as David Ray Student symposium) are organized at the biannual INA meetings

Next INA Meeting May 15-19, 2023
Durham, NC, USA
