PARTNERSHIP OF SCIENTIFIC SOCIETIES WITH THE GOAL OF IMPROVING PUBLIC HEALTH THROUGH A COLLABORATIVE INTERDISCIPLINARY APPROACH

SLC Vision and Focus
SLC is a coalition of scientific, biomedical, and health-based societies working together to identify and promote topics of cross-cutting interest through conferences, webinars, and professional meetings. SLC harnesses the collective expertise of large and small organizations to improve human and environmental health and well-being.

Representative SLC Activities
- Contemporary Concepts in Toxicology Conferences, Symposia, and Continuing Education Courses
  - FutureTox V: New Technologies to Evaluate Organ-Specific Effects for Drugs and Chemicals - Spring 2022
  - Human Neural Tube Defects: Basic Embryology to Predictive Toxicology - SOT 2022
  - Making Your Data FAIR for Your Future Self and Others - SOT 2022
  - Considerations for Occupational Risk Management during Pregnancy - IUTOX 2022
- Webinars on Emerging Interdisciplinary Topics
  - Clinical and Ethical Implications of Gene Therapy Technologies - Spring 2022
  - Recent presentations on Dermatotoxicology and Big Data
  - Recordings of all past webinars publicly available on website

SLC Society Member Benefits
- Expanded Outreach and Visibility Through Global Partnerships
- Access to Content Available Only to SLC Member Societies
- Networking Opportunities Across Diverse Scientific Societies
- Enhanced Leadership and Volunteer Opportunities
- Inclusive Leadership on Key Elements to Advance Scientific Initiatives
- Identify, Foster, and Promote Awareness of Cutting-Edge Interdisciplinary Scientific Advances
