**Mission Statement**
To ensure the stability and growth of high quality immunotoxicology research and training

**Immunotoxicology: identify how drugs and environmental chemicals impact the immune system**
Immunotoxicologists examine immune-mediated toxicities induced by various xenobiotics, including pharmacological agents, environmental contaminants, and chemicals. Immune mechanisms associated with a diverse variety of toxicities are studied.

**Meet the 2021-2022 ITSS Executive Committee**

**ITSS Membership Breakdown 2021**

**Continuing Education (CE) Courses:**
**March 27th, 2022**

1. **AM02:** Conceptual Models in Immunotoxicology: Leveraging Biological Knowledge, Alternative Approaches, and Computational Strategies for the Future of Risk Assessment.
   *Emanuela Corsini and Dori Germolec*
   - 8:15am-12:00pm (Pacific), CC Room 7

2. **PM09:** Leading-Edge Microbiome Methods for Toxicological Applications.
   *Anika Dzierlenga and David Gonzalez*
   - 1:15pm-5:00pm (Pacific), CC Ballroom 6E

**Symposia:**
**March 28th, 2022**

1. The Microbiome in Toxicity and Disease: A Yin and Yang Duality for the Host throughout the Life Span.
   *Leigh Ann Burns Naas and Vicki Sutherland*
   - 9:15am-12:00pm (Pacific), CC Ballroom 6D

**March 29th, 2022**

2. Developmental Origins of Inflammatory and Immune Diseases: Identifying the Effects of In Utero Stress on Immunological Competency.
   *Alessandro Venosa and Thea Golden*
   - 1:00pm-2:30pm (Pacific), CC Ballroom 6E

**Immunotoxicology Poster Session**
**March 29th, 2022**

- 9:45am-10:45am (Pacific), CC Exhibit Hall (Hall B)

**SPC Highlights Emerging Scientists:**
**March 30th, 2022**

- 8:00am-10:45am (Pacific), CC Room 8

**Workshop:**
**March 30th, 2022**

Current Status and Future Outlook of Developmental Immunotoxicity Testing.
*Fenna Sillé and Vic Johnson*
- 1:30pm-4:15pm (Pacific), CC Room 7

**IMMUNOTOXICOLOGY SS MEETING/RECEPTION**
**March 29th, 2022**
6:00pm-7:30pm (Pacific)
Marriott Marquis San Diego Marina Grand Ballroom 6

*please check the program booklet for more immunotoxicology programs
