PARTNERSHIP OF SCIENTIFIC SOCIETIES WITH THE GOAL OF IMPROVING PUBLIC HEALTH THROUGH A COLLABORATIVE INTERDISCIPLINARY APPROACH

SLC Vision and Focus
SLC is a coalition of scientific, biomedical, and health-based societies working together to identify and promote topics of cross-cutting interest through conferences, webinars, and professional meetings. SLC harnesses the collective expertise of large and small organizations to improve human and environmental health and well-being.

Representative SLC Activities
- Conferences, Symposia, and Continuing Education Courses
  - FutureTox series of conferences on new technologies
  - Symposia on topics such as Predictive Toxicology, Big Data, Stem Cell Therapies, Cannabis, and Risk Assessment
  - CE Courses on Science Communication and Risk Management for Pregnant Workers
- Webinars and Publications on Emerging Interdisciplinary Topics
  - Clinical and Ethical Implications of Gene Therapies
  - Social Media Tools for Scientists, Dermatotoxicity, and Big Data
  - Online publicly available recordings of webinars

SLC Society Member Benefits
- Expanded Outreach and Visibility through Global Partnerships
- Access to Content Available Only to SLC Member Societies
- Networking Opportunities across Diverse Scientific Societies
- Enhanced Leadership and Volunteer Opportunities
- Inclusive Leadership on Key Elements to Advance Scientific Initiatives
- Identify, Foster, and Promote Awareness of Cutting-Edge Interdisciplinary Scientific Advances
