Who Are We?
Since 1981, MISOT has provided an important forum for trainees to meet with industry scientists, for academic and industry leaders to collaborate, and for Michigan scientists to contribute to the goals of SOT to create a safer and healthier world by advancing the science of toxicology.

Our Mission
• To serve as the focal point for interaction of members of the Society of Toxicology and other interested scientists in Michigan and environs.
• To stimulate research and encourage communication among toxicologists, particularly young investigators whose opportunity to travel to national meetings might be limited.
• To conduct programs and educational activities which emphasize the latest developments in Toxicology.
• To relate those developments to the activities of the Society of Toxicology and to stimulate interest in Toxicology and the Society of Toxicology among scientists in a wide array of disciplines.
• To encourage interactions among toxicologists in government, industry, and academia.

Benefits of Membership
• Discounted registration fees for chapter meetings
• Newsletter with chapter and regional news
• Free listing in the newsletter of training and employment opportunities

MISOT Chapter Officers 2022-2023

President
Rita Shoakley, PhD, RD

President-Elect
Laurie Sobeida, PhD

Past President/Counselor
Cheryl Rockwell, PhD

Secretary Treasurer
Neera Tewari-Singh, PhD

Grad Student Rep
Diana Pacyga, MS

Postdoc or Rep
Rebekah Petroff, PhD

Counselor
Kevin Cox, MPH, JD

Counselor
Claire Diskey, PhD

Counselor
Chris Kassotis, PhD

Fall 2022 MISOT Meeting Highlights!
“Recent Developments in Environmental Chemical Mixtures Research”

KEYNOTE SPEAKERS
• Dr. John Meeker (University of Michigan) “Approaches and Challenges for Studying Exposure to Chemical Mixtures in Human Populations”
• Dr. Cynthia Rider (NIEHS Toxicology Branch) “The Devil is in the Details: Evaluating the Toxicity of Complex Mixtures”
• Dr. Jodi Flaws (University of Illinois, Urbana-Champaign) “The Effects of Phthalates on Female Reproduction”

TRAINEE PLATFORM AWARDEES
• Samantha Heldman “Identification of liquid crystal monomers and their mixtures as novel metabolic disrupting chemicals”
• Rebekah Petroff “Neonatal DNA methylation and hydroxymethylation mediates the relationship between early life exposures to per- and polyfluoralkyl substances (PFAS) and birth outcomes”

POSTER COMPETITION WINNERS
• Undergraduate Students: Luca Jolly (1st and RC4 Awardee), Ellen Kim (2nd), Sammy Jabar (3rd), Madeline Godziela (4th)
• Graduate Students: Saameer Awali (1st), Rachel Morgan (2nd)
• Postdoctoral Fellows: Giovano Cholico (1st), Viveka Thangaraj (2nd)

Come visit during our Chapter Reception!
Monday, March 20, 2023
4:30 - 6:30 PM
Joint Reception with Allegheny-Erie and Lake Ontario Regional Chapters at Acme Feed and Seed!
