

# North Carolina • NCSOT

REGIONAL CHAPTER of the  
SOCIETY of TOXICOLOGY

Established in 1981, the **North Carolina Society of Toxicology (NCSOT)**:

- Serves as a focal point for toxicological interests in North Carolina
- Promotes dissemination of knowledge about current issues in toxicology
- Encourages communication among toxicologists in academia, government, and industry
- Sponsors scientific and educational programs in toxicology

***Connect on LinkedIn to stay informed about other mixers and joint events!***

## Trainee Award Opportunities (Annual NCSOT Meeting)

- Graduate Student Platform Presentation
- Postdoctoral President's Award for Research Competition (PARC)
- Trainee Poster Presentation Competition

## Resources and NC Chat with an Expert (CWAE)

The NCSOT Executive Board is compiling a list of local NC companies and individuals interested in providing one-on-one and small-group mentoring to graduate and post-doctoral students in the greater NC-area. The NC CWAE program aims to provide local mentorship, organic connections, and the ability to expand your network within NC. The NC CWAE is limited to registered members of NCSOT.

Mentors – Sign up here!

Please utilize the SOT Job Bank for post-doctoral and employment opportunities!  
SOT has resources to assist with finding jobs, resume writing, and identifying national awards to assist in your professional growth.
