For individuals who are not members of SOT, participation in FutureTox V is available only to bona fide individuals who are engaged in or promote the field of toxicology or biotechnology research and support the growth and development of the toxicology field. For organizations, participation in FutureTox V is available only to bona fide organizations with public policy positions and business practices that are generally consistent with the Society's mission, goals, reputation, and its policies and principles as determined by SOT. SOT reserves the right to review applications for participation to confirm that the applicant meets these criteria and may, at the Society's sole discretion, reject a registration by any individual or business or withdraw registration privileges at any time if any individual or organization is found to be inconsistent with the Society's principles and interests. By registering for FutureTox V, you are agreeing to the terms and conditions the [SOT Code of Conduct policy](#) and by the Health and Safety guidance listed on the FutureTox V website.
