

Biomedical Science Awards and Experiences for Undergraduates and Advisors

SOT 59th Annual Meeting
& TOXEXPO • March 15–19, 2020
Anaheim, California

**Abstracts and Advisor and Undergraduate Awards
Deadline: October 18**

Pfizer SOT Undergraduate Travel Awards

- For students presenting their toxicology research during the SOT Annual Meeting

Undergraduate Diversity Program Travel Awards

- For students from diverse backgrounds (including those from groups under-represented in the sciences)
- For advisors who mentor students from diverse backgrounds
- To participate in a special program March 14–16

Free Meeting Registration, including the Undergraduate Education Program Sunday, March 15

- Learn about the science of toxicology
- Develop success strategies for graduate school
- Meet graduate school and summer internship program directors
- Connect with graduate students and toxicologist mentors
- Attend Annual Meeting scientific sessions and events

A Toxicologist...

- Advances the understanding of biological processes
- Writes health warnings and sets pollution limits
- Tests and evaluates drugs and consumer products for safety
- Conducts laboratory research to determine what exposures could be harmful and how to protect the environment and human health
