

41st Annual Meeting

SAVE THE DATE

University of Colorado Anschutz Medical Campus
Aurora, CO

Preconference Registration/Reception: **August 23, 2023**

Meeting: **August 24 – 25, 2023**

This year's meeting will run concurrently between the Mountain West Society of Toxicology and the Rocky Mountain Wildfire Smoke Symposium. Participants will have opportunities to attend career workshops, policy-based seminars, a poster session, and multiple networking events.

Mountain West Regional Chapter of the Society of Toxicology (MWSOT)

The Society of Toxicology is a professional and scholarly organization of scientists from academic institutions, government, and industry representing the great variety of scientists who practice toxicology in the US and abroad. The Mountain West chapter encompasses Arizona, Colorado, Utah, Southern Idaho, Nevada, New Mexico, and Wyoming.

Rocky Mountain Wildfire Smoke Symposium (RMWSS)

The Rocky Mountain Wildfire Smoke Symposium was launched in 2020 as a forum for the dissemination of knowledge with the goal of enhancing public and occupational health in the face of increasing wildfire activity. The exposure challenges and community dynamics of the Rocky Mountains are unique and thus researchers, government employees, industry personnel, and practitioners benefit from this region-specific forum.
