#### IV. Activities:

- A. 2021 SOT Virtual Annual Meeting Activities (e.g. courses, scientific sessions, or virtual receptions):

##### **Arab Toxicologists Association Special Interest Group Meeting**

**Date and Time:** Tuesday, March 23, 2021 from 9:00 AM – 10:00 AM

First ATA virtual reception meeting was held on March 23, 2021 during the annual SOT meeting and it exceeded all expectations. ATA has gained the permission from SOT headquarters to permit participants from worldwide regions to attend the first ATA meeting regardless their membership status, the case that allowed about 200 scientists and students to attend the meeting to be introduced to SOT in general and ATA specifically. Also, during the ATA reception, the new ATA officers board were introduced and ATA-awardees were recognized. ATA has created four different awards, but only three of them were awarded, please refer to the award section in this report.

B. Awards Information:

2. New or Significant Announcements/blogs: None
3. Highlight of Website enhancements: Website is updated continuously.

E. Mentoring activities: None

F. (Regional Chapters only) Activities supporting undergraduate students: NA

V. **Feedback and Ideas:**

**A. In what ways is your group fostering and maintaining an inclusive environment?**

Meetings are key events that manage our group dynamic. The ATA president plans for the group meetings to discuss the activities and the events of ATA group. For example, some issues are identified to be discussed and solved, assign tasks to group members, bring more members and some other activities.

**B. How might SOT better support your group’s activities (perhaps something the Society should be doing that we currently do not do, or do not do effectively, that would be of importance/benefit to the members of your component group?): Note: If funding is listed, please provide detail on the membership need that the funding would support.**

No comment for now

**C. What is one thing that the Society is currently doing that impacts your component group that should be changed (e.g., stopped, modified, etc.)?**

No comment for now

**D. What changes do your component group anticipate making in the way in which it operates in the coming year?**

During the pandemic, all activities such as meetings, webinars, etc., have been held virtually. Virtual work experience, also referred to as online, remote or digital, provides us with the opportunity to communicate with new people and introduce them to ATA and SOT as well.
