

Mutual Interaction Agreement with Sister Organizations

Who are we?

The Hispanic Organization of Toxicologists (HOT) is a Special Interest Group within the Society of Toxicology integrated by professionals of Hispanic origin with expertise in scientific areas associated with Toxicology. HOT membership is diverse representing industrial, academic, governmental, and commercial organizations.

What do we want?

We want to reach out to national, international, and local organizations in toxicology and serve as facilitators for interaction, fellowship, networking, and professional development among Hispanic toxicologists in the United States and the international Spanish and Portuguese-speaking scientific communities with emphasis in outreach to the Hispanic population. One of the HOT key objectives is to stimulate discussion, increase general awareness, and engage in the search of relevant toxicological information on issues related to the Hispanic community inside and outside the US, as well as to feature the scientific achievements of Hispanic toxicologists.

Mutual benefits of the interaction

Our members and organizations will benefit from professional and scientific interaction, access to global networking and resources, meetings, funding opportunities and jobs, and an increase of our organizations visibility to the Society of Toxicology (SOT), International Union of Toxicologists (IUTOX), and all other similar organizations in the Spanish and Portuguese-speaking scientific communities.

HOT will use its available resources to:

- Announce our collaboration by posting your logo and web link in the HOT website. The HOT website is available from the SOT website main page.
- Display your organization name and logo at the SOT Annual Meeting HOT stand.
- Publish in Toxenlaces and HOT webpage and distribute among HOT members and Sister Organizations a brief summary of your organization national or local meeting, deadlines for meetings and abstracts, and important announcements concerning your organization.
- Sponsor your organization members, and student and post-doctoral members for presenting in the SOT Annual Meeting.
- Your student and post-doctoral members can compete for HOT SIG Travel Awards for presenting and the SOT Annual Meeting.
- Include short and informative scientific contributions of your members in the HOT bimonthly newsletter, Toxenlaces.
- Advice HOT members to participate in your society's annual meeting, if possible.

Your Organization will use its available resources to:

- Announce our partnership by posting the SOT and the HOT logo and web links in your website.
- Display HOT organization name and logo at your Annual Meeting, if applicable. We will try to participate and present an informative poster.
- Distribute HOT newsletter Toxenlaces among your membership and publish a brief summary of HOT organization meetings, deadlines for meetings and abstracts, and important announcements concerning the HOT organization.
- Include short and informative scientific contributions of HOT members in your organization newsletter, if applicable.
