Committees:

**Awards Committee**
Chair: Rodney Prell
Dave Shepherd
Herve LeBrec
Leigh Ann Burns
Robert Li
Gautham Rao
Rafael Ponce
Berran Yucesoy
Jessica Lynch

**Communication and Membership Committee**
Chair: Jessica Lynch
Stefanie Burleson
Angela Groves
Brian Zhou
Rachel Nguyen

**Education Committee**
Chair: Emanuela Corsini
Alaeddin Abukabda
Zinah Al-Ghezi
Kamashwar Singh
Narendra Singh
Kathryn Miranda
II. Activities:

2018 SOT Annual Meeting Reception was held in San Antonio, Texas on Tuesday March 12, 2018 from 6:00 – 7:30pm. Approximately 175 people were in attendance. Dr. Vic Johnson called the meeting to order at approximately 6:45 PM on 13 Mar 18. Business Meeting Speaker: N/A

Meeting Minutes: See Attachment 1 – Slides from business meeting

Awards:

Best Presentation by a Student

- 1st Place
  - Catherine G. Burke, “Developmental Activation of the Aryl Hydrocarbon Receptor (AHR) Durably Alters the Responsive Capacity of CD4+ T Cells”, University of Rochester, Rochester, NY.
- 2nd place
Michael D. Rizzo, “HIV-Infected Cannabis Users Display Lower Levels of Circulating CD16+ Monocytes and Plasma IP-10 Compared to Non-Using HIV-Infected Individuals”, Michigan State University, East Lansing, MI.

- 3rd place
  - Souvarish Sarkar, “Voltage-Gated Potassium Channel KV1.3 Contributes to Sustained Microglial Activation and Neuroinflammation in Neurotoxicity Models of Parkinson's Disease”, Iowa State University, Ames, IA

**Best Presentation by a Postdoctoral Trainee**

Dr. Alessandro Venosa, “Alveolar Epithelial Cells Drive Recruitment and Phenotypic Activation of Immune Effector Cells in Lung Surfactant Protein-C Dysfunction”, University of Pennsylvania, Philadelphia, PA.

**Best Paper of the Year**

**Health and Environmental Sciences Institute (HESI) Immunotoxicology Young Investigator Travel Award**

Dr. Alessandro Venosa, “Alveolar Epithelial Cells Drive Recruitment and Phenotypic Activation of Immune Effector Cells in Lung Surfactant Protein-C Dysfunction”, University of Pennsylvania, Philadelphia, PA.

**Mitzi and Prakash Nagarkatti Research Excellence in Immunotoxicology Travel Award**

Juyoung Shim, “Triclosan Effects on Protein Kinase C and Phospholipase D in Mast Cells”, University of Maine, Orono, ME.

**Outstanding Young Investigator Award**

Dr. Marie-Soleil Christin-Piché, Ph.D., Charles River Laboratories, Scientific Director of Immunology

**Outstanding Senior Investigator Award**

Dr. M. Firoze Khan, PhD, The University of Texas Medical Branch, Professor and Vice Chair for Research, Department of Pathology.

**Vos Award for Lifetime Career Achievement in Immunotoxicology**

Dr. Jack Paul Uetrecht, M.D., Ph.D., FACP, Professor, Leslie Dan Faculty of Pharmacy, University of Toronto

**2018 SOT Annual Meeting Courses/Sessions:**
**Continuing Education Courses:**
- An Introduction to the Basics of Immunotoxicity Testing; Chairpersons: Jamie DeWitt, East Carolina University and Sarah Blossom, University of Arkansas for Medical Sciences.

**Symposia:**
- Novel Insights on Chemical-Induced Immunotoxicity: Microvesicles and microRNA Dysregulation; Chairpersons: Emanuela Corsini, Università degli Studi di Milano and Stacey Anderson, CDC-NIOSH.
- Vaccine Safety: Current Status and Challenges in the Development of Safe Potent Vaccines; Chairpersons: Peyton Myers, USFDA and Yasuo Yoshioka, Osaka university.

**Poster Sessions:**
- **Immunotoxicity**; Chairpersons: Rebecca Dearman, University of Manchester, Manchester, United Kingdom; and Janice Lansita, ToxStrategies Inc., Kennett Square, PA.
- **Autoimmunity / Hypersensitivity / Inflammation**; Chairpersons: Sarah J. Blossom, University of Arkansas for Medical Sciences, Little Rock, AR; and Sidhartha Ray, Manchester University, Manchester, IN.
- **Immunotoxicity**; Chairpersons: Emanuela Corsini, Università degli Studi di Milano, Milan, Italy; Peter W. Dombos, Michigan State University, East Lansing, MI; Victor J. Johnson, Burleson Research Technologies, Morrisville, NC; and Colleen McLoughlin, Scivera LLC, Morgantown, WV.
- **Inflammation**; Chairpersons: Marpe Bam, University of South Carolina School of Medicine, Columbia, SC; and Kathryn E. Bozell, Visikol, St. John’s University, Fresh Meadows, NY.
- **Autoimmunity / Hypersensitivity**; Chairpersons: Cynthia Ryan, The Procter & Gamble Company, Mason, OH; and Hui Wang, University of Texas Medical Branch Galveston, Galveston, TX.
- **Nanotoxicity: Immunology**; Chairpersons: Jared Brown, University of Colorado Denver, Aurora, CO; Richard Salisbury, US Air Force Henry Jackson Foundation, Dayton, OH; and Jonathan Shannahahan, Purdue University, West Lafayette, IN.

**Late-Breaking Sessions:**
- Immunotoxicity, Inflammation, Cell Death/Apoptosis; Late-Breaking Session #4

**2018 Annual Meeting Mentorship event:**
This year’s mentoring event was attended by about 25 young immunotoxicologists. Feedback from attendees was positive. Mentors volunteering for the event included:
- Vic Johnson, Burleson Research Technologies, Inc.
- Debra Laskin, Rutgers University
- Cheryl Rockwell, MSU
- Laine Peyton Myers, FDA
- Dori Germolec, NIEHS
- Rodney Prell, Genentech
- Ashwini Phadis-Moghe, Covance

**Endowment Fund Details (As of March 31, 2018):**
• Health and Environmental Science Institute (HESI) Immunotoxicology Award Endowment Fund: $61,935
  o Gain on investments of $3983
  o No new contributions
  o Travel funds of $500 awarded to Alessandro Venosa University of Pennsylvania, Philadelphia, PA.
• Mitzi and Prakash Nagarkatti Research Excellence in Immunotoxicology Award Fund: $43,162
  o New contributions of $3025
  o SOT Matching Funds of $2025
  o Gain on investments of $2408
  o Travel funds of $500 awarded to Juyoung Shim, University of Maine, Orono, ME.

Teleseminars: N/A

White Papers: N/A

Contributions to SOT website:
The ITSS Executive Committee and the Communications Committee worked closely with Raul Suarez of SOT to develop the new ITSS website. Brian Zhou designed the new logo that adorns the new website.

Other Specialty Section 2017-2018 Activities:
1. Conducted monthly teleconferences of the Executive Committee members, maintained meeting minutes.
2. Developed an ITSS DropBox for document sharing and storage for Executive Committee business. Provides much needed continuity from outgoing to incoming Executive Committee.
4. Member of the ITSS Executive Committee was integral in the organization of a T-cell course entitled T-cell Biology and Application to Immunopharmacology and Immunotoxicology Course hosted by Health and Environmental Sciences Institute and held in Munich, Germany, April 4-5, 2018. This course was fostered by a similar HESI/ITSS-sponsored course held in the USA in 2017 and represents part of ITSS’s international collaboration and outreach efforts.
5. Actively promoted and campaigned for the “Mitzi and Prakash Nagarkatti Research Excellence in Immunotoxicology Award Fund” endowment fund bringing the funds to $43,162 as of March 31, 2018. ITSS will work to increase the fund value to the minimum ($50,000) by 2020 to
establish the fund as permanent. The goal of the fund is to encourage and recognize graduate students and postdoctoral scholars for their excellence in research involving mechanisms of immunomodulation in health and disease.

6. Maintained ITSS membership in the 2017-2018 term. Developed approaches and communications templates for reaching out to new SOT members and new and existing members that express interest in ITSS.

7. Strengthened and expanded the ITSS International Committee. The ITSS-JSIT collaboration resulted in submission of a symposium for the 2018 SOT meeting that was accepted. As part of the collaboration, Dr. Danuta Herzyk presented a Special Lecture as the ITSS delegate at the Japanese Society of Immunotoxicology annual meeting in 2017 in Towanda, Japan. ITSS was successful in helping Dr. Herzyk obtain travel support through the SOT Global Initiatives funding mechanism. In 2017-2018, ITSS expanded its international reach and collaborative efforts to European partners. Dr. Emanuela Corsini was elected Vice-President Elect for the 2017-2018 term. Drs. Emanuela Corsini and Vic Johnson worked together to spearhead the collaborations and efforts lead to submission of the joint program proposal between ITSS and Immunotoxicology and Chemical Allergy Specialty Section (ITCASS) of EUROTOX.

9. Formed the ITSS Scientific Advisory Committee, chaired by Peyton Myers, Immediate Past President. This committee is composed of the current Immediate Past President, President, Vic President, and Vic President Elect along with selected ITSS Past Presidents. The charge of this committee was to evaluate the state of the science for immunotoxicology and act as a think tank for generation of program ideas for the upcoming SOT meeting.

10. Developed Mission Statements for all of the ITSS committees in an effort to be more transparent with ITSS membership. This effort was important for providing membership information on the goals and charge of each committee at the time of requesting volunteers. Concise posters were printed with the Mission Statements and made available at the sign-up counters during the ITSS business meeting. These posters were printed on fabric and will serve as a resource for years to come.
